To support your child, can I strongly encourage them to use the revision resources provided using [this link](#).

All revision materials have been specifically designed to help your child in each of the assessments. There will be no extended homework set in the two weeks running up to each assessment week, so during that period your child should be revising. Further tips on how to revise can be found [here](#).

An overview of each course can be found by looking at the assessment plans [here](#).
